**Dem Platform Session**

2:15pm to 4:45pm

The Okanogan County Democrats wants a platform that represents our county and residents well. So, were inviting our members, friends and neighbors to be a part of building #TheNewBlue platform and messaging. This messaging session is where we can discuss and work together to decide what we want the Democratic Party to stand and stand up for where we live. We want #TheNewBlue platform and party to be something our members, friends and neighbors can be proud of. That starts with grassroots involvement and that includes your input and involvement!

Finally, some brief overview details on Democratic Candidates in upcoming elections will also be presented during this session.
